

Your Australian Electricity Supply Industry (ESI) Skills Passport

What is an Australian ESI Skills Passport?

- This Passport acts as an industry consistent portable record of your training, authorisations and inductions.
- You are responsible for:
 - Ensuring that the information in your Passport is correct and maintained.
 - Having it with you whenever you require access to a Network.
 - Presenting it on request (i.e. audit).
- The Network Operator for whom you are engaged for the majority of your time will issue the Passport.
- This Passport is issued with a unique number.
- Passports will be issued to people who:
 - Hold a written authority issued by a Network Operator to access a Network.
 - Are required by a Network Operator to undertake tasks requiring training specified in the Australian ESI Skills Passport.
- Only one Passport shall be issued to any one person at one time.
- This Passport does not guarantee access to a Network. Network access is always at the discretion of the Network Operator.

Lost Passports

- Lost Passports are to be reported to the issuing Network Operator and can be replaced by the current host Network Operator.

Passport Entries

All expiry dates in this Passport should meet the relevant Network Operator's frequency.

Where there is no course description, the course should be handwritten in the available space.

Please refer to detailed information regarding Passport entries over page.

Privacy Statement

Your personal information provided by you will only be used in the management of the Australian ESI Skills Passport, and will not be used for any other purpose or distributed to any other persons and or organisations without your written permission.

Passport Entries *continued*

National Competency Standard Units

ESI SAFETY RULES		UETDRRF01A
Date of Training: 5 / 3 / 2010	RTO: <i>ENERGY SERVICES</i>	
Trainer/Assessor Name: <i>Grant Spriggs</i>	Signature: <i>Grant Spriggs</i>	

These agreed National Competency Standard Units, (CSU's) must be delivered by a Registered Training Organisation (RTO) who has that CSU within their scope of registration. There are no expiry dates as CSU's do not expire. However these entries shall be matched by a refresher training equivalent entry on pages 9 - 51.

All entries in these fields shall be stamped and signed by the trainer / assessor on behalf of the RTO or a Network Operator Validation Officer.

ESI Training

HV GLOVE & BARRIER		Voltage	33kV
Date of Training: 21 / 12 / 2009	Training Provider: <i>Ergon Energy</i>		
Trainer/Assessor Name: <i>Ray Boland</i>	Signature: <i>R. Boland</i>		

Where there is no CSU code (e.g. UETDRRF05A) or course description in the heading, the requirements for this training shall meet the relevant Network Operator's requirements. Entries recording refresher training shall be stamped and signed by the Certificate IV Workplace Trainer/ Assessor, the Training Provider or a Network Operator Validation Officer at the successful completion of training.

HS&E Training

TRAFFIC MANAGEMENT	
Date of Training: 14 / 2 / 2010	Training Provider: GippSTAFE 
Trainer/Assessor Name: MICK DEGRAAFF	Signature: Mick DeGraaff

HS&E Training shall meet the relevant Network Operator requirements. Entries recording refresher training shall be stamped and signed by the Certificate IV Workplace Trainer/Assessor, the Training Provider or a Network Operator Validation Officer at the successful completion of training.

Authority Training

PERSON IN CHARGE	
Class: <i>Civil/Electrical/Mechanical</i>	
Date of Training: 1 / 03 / 2010	Training Provider: <i>Transend</i>
Trainer/Assessor Name: <i>Sally Watts</i>	Signature: <i>S Watts</i>

Authorities training shall meet the relevant Network Operator requirements.

Entries recording Authority training shall be stamped and signed by the Certificate IV Workplace Trainer/Assessor or a Network Operator Validation Officer at the successful completion of training.

Network Authorities

HV SWITCHING

Class: *D Class Authorised to perform High Voltage Electrical Operating for: High Voltage Switching, Earthing & the issue of Electrical Access Authorities on; Distribution (and Sub-Transmission where endorsed) apparatus external to Zone Substations of nominated networks*

Date of Authorisation:

10 / 11 / 2009

Network Operator:

JEMENA

Responsible Officer Name:

ADAM BEEL

Signature:

Adam Beel

Network Authorisations are dependant upon an equivalent training record being recorded in the Passport.

Entries for Authorities shall be signed and stamped by the issuing Network Operator or a Network Operator Validation Officer.

Inductions

Induction Description:

HSE and Network Induction

Date of Induction:

4 / 12 / 2009

Network Operator:

CitiPower / Powercor

Inductor Name:

Pam O'Neill

Signature:

Pam O'Neill

The induction type shall be identified in the 'Description' field, e.g. Network / Safety / Site.

Entries recording Inductions shall be stamped and signed by the facilitator or a Network Operator Validation Officer at the completion of the Induction.
